Respite Purchase of Services Program Narrative

Older Californians Act Community-Based Services Program

Program / Element / Component -- 40.90.60

Description

The Respite Purchase of Services (RPOS) Program provides relief and support to caregivers in order to delay premature or inappropriate institutionalization of both the person receiving care and the caregiver.

The RPOS Program provides limited funding for purchasing short term in-home care; day care services such as those provided in an Alzheimer's day care resource center, adult day care center, and adult day health care center; or 24-hour care at a licensed skilled, intermediate, or residential care facility.

Area Agencies on Aging (AAA) have the option of administering RPOS through the local Linkages Program, providing the Program directly or contracting with a local agency. The RPOS Program is not limited to Linkages clients.

The amended State Budget for Fiscal Year (FY) 2009-10 eliminated the equivalent of nine months of Older Californians Act (OCA) State General Fund (GF) for the RPOS Program in FY 2009-10 and all future GF. However, the statutory authority for the Program continues under the OCA.

Benefits

The RPOS Program provides relief and support to caregivers, by providing short-term respite care that enables frail elderly and functionally impaired adults to remain living in their homes.

Eligibility

<i>Income</i>	No income criteria.
<i>Age</i>	18 and older.
<i>Other</i>	RPOS Program services may be provided to a caregiver that is primarily responsible for providing care to a frail elderly person or and adult with functional impairments who is at risk of institutional placement and is not receiving respite services from other programs. The caregiver or the client must reside in AAA's service area.

Access

Information on the RPOS Program and how to access services is available through the statewide toll-free Senior Information Line at **1-800-510-2020** and the California Department of Aging website at www.aging.ca.gov.
