Overview of Title III and VII State Performance Reporting Requirements

In the 2000 reauthorization of the Older Americans Act, the Administration on Aging (AoA) was instructed to use, to the maximum extent possible, the data collected by State agencies, area agencies on aging, and service providers through the National Aging Program Information System (NAPIS) and other applicable sources of information in the development of performance measures, and in compliance with the Government Performance and Results Act of 1993.

The Assistant Secretary for Aging was also instructed to annually report to the President and to the Congress on the activities carried out under the Older Americans Act. This report includes (section 207 (3)) *statistical data and an analysis of information regarding the effectiveness of the State agency and area agencies on aging in targeting services to older individuals with greatest economic need and older individuals with greatest social need, with particular attention to low-income minority individuals, older individuals residing in rural areas, low-income individuals, and frail individuals (including individuals with any physical or mental functional impairments).*

As a response to these mandates, AoA is issuing revised reporting guidelines for Titles III and VII. These OMB approved reporting requirements are a revision of those which are currently in effect. The factors which influenced the revision of the SPR, include: 1) the need to develop more permanent information requirements for the National Family Caregiver Support Program; 2) the need to comply with revised OMB standards for gathering information regarding race and ethnicity; 3) the need to reduce the burden of the SPR/NAPIS requirements on States, area agencies and service providers; and 4) the need to consider the collection of alternative data elements to reflect Network performance.

This document summarizes the requirements for the State Program Performance Report (SPR) for Titles III and VII for fiscal year 2005 (FY05) and subsequent years by all State units on aging. The sections of the SPR include:

Section I. Elderly Clients and Caregivers

- A.** Elderly Client Counts
- B.** General Characteristics of Elderly Clients Receiving Registered Services and those Receiving Cluster 2 Registered Services
- C.** Detailed ADL Characteristics of Elderly Clients Receiving Cluster 1 Services
- D.** Detailed IADL Characteristics of Elderly Clients Receiving Cluster 1 Services
- E.** Summary Characteristics of Caregivers Serving Elderly Individuals (National Family Caregiver Support Program – Title III-E)
- F.** Summary Characteristics of Grandparents and Other Elderly Caregivers Serving Children (National Family Caregiver Support Program – Title III-E III-E)

Section II. Utilization and Expenditure Profiles

- A.** Title III Utilization, Expenditure, and Program Income Profile (except Title III-E)
- B.** Title III-E Utilization, Expenditure, and Program Income Profile For Caregivers Serving Elderly Individuals
- C.** Title III-E Utilization, Expenditure, and Program Income Profile For Grandparents and Other Elderly Caregivers Serving Children
- D.** Title VII Expenditures by Chapter (Except Chapter 2. Ombudsman)
- E.** Other Services Profile

Section III. Network Profiles

- A.** State Unit on Aging Staffing Profile
- B.** Area Agency on Aging Staffing Profile
- C.** Provider Profile (excluding AAAs providing direct services)
- D.** Profile of Community Focal Points and Senior Centers

Section IV. Developmental Accomplishments

- A.** For Home and Community Based Programs
- B.** For A System of Elder Rights

On the following pages, the SPR format is exhibited through a series of data tables corresponding with the sections of the SPR listed above. The tables are for presentation purposes only. AoA will continue to require electronic transmittal of the annual SPR data. The feasibility of internet based reporting is also being considered.

Appendix -- Definitions

The following definitions should be used when completing the SPR:

Registered Client – A registered client is an individual who received at least one unit of the following specified services within the reported fiscal year. The services include: congregate meals, nutrition counseling, assisted transportation, personal care, homemaker, chore, home delivered meals, adult day care/health, or case management. The count of registered clients does not include caregivers.

Race/Ethnicity Status – The following reflects the requirements of the Office of Management and Budget (OMB) for obtaining information from individuals regarding race and ethnicity. It constitutes what OMB classifies as the “two-question format.” When questions on race and ethnicity are administered, respondents are to be asked about their ethnicity and race as two separate questions. Respondents should ideally be given the opportunity for self-identification, and are to be allowed to designate all categories that apply to them. Consistent with OMB requirements, the following are the race and ethnicity categories to be used for information collection purposes:

Ethnicity:

- Hispanic or Latino
- Not Hispanic or Latino

Race:

- American Indian or Alaskan Native
- Asian
- Black or African American
- Native Hawaiian or Other Pacific Islander
- White

American Indian or Alaskan Native—A person having origins in any of the original peoples of North America (including Central America), and who maintains tribal affiliation or community attachment.

Asian—A person having origins in any of the original peoples of the Far East, Southeast Asia or the Indian subcontinent including, for example, Cambodia, China, India, Japan, Korea, Malaysia, Pakistan, the Philippine Islands, Thailand, and Vietnam

Black or African American—A person having origins in any of the black racial groups of Africa.

Hispanic or Latino—A person of Cuban, Mexican, Puerto Rican, South or Central American, or other Spanish culture or origin, regardless of race.

Native Hawaiian or Other Pacific Islander—A person having origins in any of the original peoples of Hawaii, Guam, Samoa or other Pacific Islands.

White – A person having origins in any of the peoples of Europe, the Middle East, or North Africa.

”(Alone)” – When appended to a racial category (e.g., “White (Alone)”) means that the individual only designated one race category.

Impairment in Activities of Daily Living (ADL) --The inability to perform one or more of the following six activities of daily living without personal assistance, stand-by assistance, supervision or cues: eating, dressing, bathing, toileting, transferring in and out of bed/chair, and walking.

Impairment in Instrumental Activities of Daily Living (IADL) -- The inability to perform one or more of the following eight instrumental activities of daily living without personal assistance, or stand-by assistance, supervision or cues: preparing meals, shopping for personal items, medication management, managing money, using telephone, doing heavy housework, doing light housework, and transportation ability (transportation ability refers to the individual’s ability to make use of available transportation without assistance).

Poverty—Persons considered to be in poverty are those whose income is below the official poverty guideline (as defined each year by the Office of Management and Budget, and adjusted by the Secretary, DHHS) in accordance with subsection 673 (2) of the Community Services Block Grant Act (42 U.S.C. 9902 (2)). The annual HHS Poverty Guidelines provide dollar thresholds representing poverty levels for households of various sizes.

Living alone—A one person household (using the Census definition of household) where the householder lives by his or herself in an owned or rented place of residence in a non-institutional setting, including board and care facilities, assisted living units and group homes.

A. Characteristics of Individuals Associated with the National Family Caregiver Support Program (Title III-E. NFCSP)

Child—An individual who is not more than 18 years of age or an individual 19 – 59 years of age who has a severe disability. The term relates to a grandparent or other older relative who is a caregiver of a child.

Caregiver—An adult family member or another individual, who is an “informal” provider of in-home and community care to an older individual. “Informal” means that the care is not provided as part of a public or private formal service program.

Grandparent or other older relative caregiver of a child—A grandparent, step grandparent or other relative of a child by blood or marriage, who is 55 years of age or older and—

- (A) lives with the child;
- (B) is the primary caregiver of the child because the biological or adoptive parents are unable or unwilling to serve as the primary caregiver of the child; and
- (C) has a legal relationship to the child, as such legal custody or guardianship, or is raising the child informally.

Elderly Client – An eligible (60 years of age or older or who is less than 60 and has a diagnosis of early onset dementia) elderly individual who receives OAA services.

B. Standardized names, definitions and service units are provided for the services that are singled out in the SPR for reporting

Personal Care (1 Hour) -- Personal assistance, stand-by assistance, supervision or cues.

Homemaker (1 Hour) -- Assistance such as preparing meals, shopping for personal items, managing money, using the telephone or doing light housework.

Chore (1 Hour) -- Assistance such as heavy housework, yard work or sidewalk maintenance for a person.

Home-Delivered Meal (1 Meal)-- A meal provided to a qualified individual in his/her place of residence. The meal is served in a program administered by SUAs and/or AAAs and meets all of the requirements of the Older Americans Act and State/Local laws. As noted in Section IIA, meals provided to individuals through means-tested programs such as Medicaid Title XIX waiver meals or other programs such as state-funded means-tested programs are excluded from the NSIP meals figure in line 4a; they are included in the meal total reported on line 4 of Section IIA. Certain Title III-E funded home delivered meals may also be included – see the definition of NSIP meals below.

Adult Day Care/Adult Day Health (1 hour) – Personal care for dependent elders in a supervised, protective, and congregate setting during some portion of a day. Services offered in conjunction with adult day care/adult day health typically include social and recreational activities, training, counseling, and services such as rehabilitation, medications assistance and home health aide services for adult day health.

Case Management (1 Hour) -- Assistance either in the form of access or care coordination in circumstances where the older person is experiencing diminished functioning capacities, personal conditions or other characteristics which require the provision of services by formal service providers or family caregivers. Activities of case management include such practices as assessing needs, developing care plans, authorizing and coordinating services among providers, and providing follow-up and reassessment, as required.

Congregate Meal (1 Meal) – A meal provided to a qualified individual in a congregate or group setting. The meal as served meets all of the requirements of the Older Americans Act and State/Local laws. As noted in Section IIA, meals provided to individuals through means-tested programs such as Medicaid Title XIX waiver meals or other programs such as state-funded means-tested programs are excluded from the NSIP meals figure in line 8a; they are included in the meal total reported on line 8 of Section IIA.

Nutrition Education (1 session per participant) -- A program to promote better health by providing accurate and culturally sensitive nutrition, physical fitness, or health (as it relates to nutrition) information and instruction to participants, caregivers, or participants and caregivers in a group or individual setting overseen by a dietician or individual of comparable expertise.

Nutrition Counseling (1 session per participant) -- Individualized guidance to individuals who are at nutritional risk because of their health or nutrition history, dietary intake, chronic illnesses, or medications use, or to caregivers. Counseling is provided one-on-one by a registered dietician, and addresses the options and methods for improving nutrition status.

High Nutritional Risk (persons) – An individual who scores six (6) or higher on the DETERMINE Your Nutritional Risk checklist published by the Nutrition Screening Initiative.

NSIP Meals (1 meal) -- A Nutrition Services Incentive Program (NSIP) Meal is a meal served in compliance with all the requirements of the OAA, which means at a minimum that: 1) it has been served to a participant who is eligible under the OAA and has NOT been means-tested for participation; 2) it is compliant with the nutrition requirements; 3) it is served by an eligible agency; and 4) it is served to an individual who has an opportunity to contribute. Meal counts in 4, 4a, 8, 8a, include all OAA eligible meals including those served to persons under age 60 where authorized by the OAA. NSIP Meals also include home delivered meals provided as Supplemental Services under the National Family Caregiver Support Program (Title III-E) to persons aged 60 and over who are either care recipients (as well as their spouses of any age) or caregivers.

Assisted Transportation (1 One Way Trip) -- Assistance and transportation, including escort, to a person who has difficulties (physical or cognitive) using regular vehicular transportation.

Transportation (1 One Way Trip) – Transportation from one location to another. Does not include any other activity.

Legal Assistance (1 hour) -- Legal advice, counseling and representation by an attorney or other person acting under the supervision of an attorney.

Information and Assistance (1 Contact) -- A service that: (A) provides individuals with information on services available within the communities; (B) links individuals to the services and opportunities that are available within the communities; (C) to the maximum extent practicable, establishes adequate follow-up procedures. Internet web site “hits” are to be counted only if information is requested and supplied.

Outreach (1 Contact) – Intervention with individuals initiated by an agency or organization for the purpose of identifying potential clients (or their care givers) and encouraging their use of existing services and benefits.

Note: The service units for information and assistance and for outreach are individual, one-on-one contacts between a service provider and an elderly client or caregiver. An activity that involves contact with multiple current or potential clients or caregivers (e.g., publications, publicity campaigns, and other mass media activities) should not be counted as a unit of service. Such services might be termed public information and reported on the public information category. They may also be reported in “Section II.E. – Utilization and Expenditures Profiles, Other Services Profile.”

Cash and Counseling (People Served, Title III Expenditures, Total Expenditures) This covers the range of services provided or paid for through allowance, vouchers, or cash which are provided to the client so that the client can obtain the supportive services which are needed. Since service units could be so diverse they would not provide meaningful results they are not included.

Other Services – A service provided using OAA funds that do not fall into the previously defined service categories. Expenditures on “Other Services” in Section II.A. Line 15 is required.

Health Promotion – Services which include health screenings and assessments; organized physical fitness activities; evidence-based health promotion programs; medication management; home injury control services; and/or information, education, and prevention strategies for chronic disease and other health conditions that would reduce the length or quality of life of the person 60 or older. Since service units could be so diverse they would not provide meaningful results they are not included.

D. Services to Caregivers

Counseling --(1 session per participant) Counseling to caregivers to assist them in making decisions and solving problems relating to their caregiver roles. This includes counseling to individuals, support groups, and caregiver training (of individual caregivers and families).

Respite Care --(1 hour) Services which offer temporary, substitute supports or living arrangements for care recipients in order to provide a brief period of relief or rest for caregivers. Respite Care includes: (1) In-home respite (personal care, homemaker, and other in-home respite); (2) respite provided by attendance of the care recipient at a senior center or other nonresidential program; 3) institutional respite provided by placing the care recipient in an institutional setting such as a nursing home for a short period of time as a respite service to the caregiver; and (for grandparents caring for children) summer camps. If the specific service units purchased via a direct payment (cash or voucher) can be tracked or estimated, report those service unit hours. If not, a unit of service in a direct payment is one payment.

Supplemental services –Services provided on a limited basis to complement the care provided by caregivers. Examples of supplemental services include, but are not limited to, home modifications, assistive technologies, emergency response systems, and incontinence supplies.

Information Services (1 activity) -- A service for caregivers that provides the public and individuals with information on resources and services available to the individuals within their communities. [Note: service units for information services are for activities directed to large audiences of current or potential caregivers such as disseminating publications, conducting media campaigns, and other similar activities.]

Access Assistance (1 contact) -- A service that assists caregivers in obtaining access to the services and resources that are available within their communities. To the maximum extent practicable, it ensures that the individuals receive the services needed by establishing adequate follow-up procedures. [Note: Information and assistance to caregivers is an access service, i.e., a service that: (A) provides individuals with information on services available within the communities; (B) links individuals to the services and opportunities that are available within the communities; (C) to the maximum extent practicable, establishes adequate follow-up procedures.
