**ASSIST** individuals in their **DECISIONMAKING** by delivering the **RIGHT** information at the right time of available LTSS for their **CHOICES** of care.

**To do this ADRCs:**

- Assists older individuals, individuals with disabilities, and caregivers in accessing long term services and supports (LTSS) to help them meet their personal goals for independence.
- Provides
  - *Enhanced Information and Referral/Assistance* with proactive offers of info and warm hand-offs
  - *Options Counseling* that offers face-to-face support to help one choose their choices of care
  - *Short-term Service Coordination* to mediate a person’s urgent risks of health, safety or suspected abuse
  - *Transition Services* to support one’s decision to relocate from a facility back to home
- Are supported by a community network of government and community agencies.
- Coordinated by Area Agencies on Aging and Independent Living Centers with the support of the California Department of Aging, Department of Rehabilitation, the Department of Health Care Services and many others.
