Notice

On June 19, 2012, the Department of Health Care Services (DHCS) mailed notices to all eligible CBAS participants who reside in managed care counties that are scheduled for the Phase 2 transition on October 1, 2012. The notice, which was translated into twelve languages, updated CBAS participants regarding the delay in transition to managed care from the previously scheduled July 1, 2012 to October 1, 2012. With this change, the date for participants to choose a managed care plan has moved from June 19, 2012 to September 18, 2012.

The notice also provides information about managed care enrollment, including phone numbers for participants to call for more information. Copies of the notice are available in each of the threshold languages on the CDA website at:
