

CBAS Quality Workgroup
CBAS Quality Strategy Report Framework (Draft February 2016)

I. Overview

- Purpose/Background – what we're doing to improve quality and why
- Stakeholders involved in drafting strategy (CBAS Quality & IPC Revision Workgroups)
- What do we want to accomplish with our efforts. What questions do we want to answer with our data. Who needs or will use this information?

II. Focus Areas

- CBAS priorities/domains
 - Federal and State Quality/Monitoring Requirements
 - Existing activities to meet state and federal requirements
 - Additional activities to meet state and federal requirements

Possible Domains:

Compliance with Program Requirements

Reporting

Training

Staffing

Person-Centered Care

Participant/Caregiver Satisfaction

Best Practices

- Relationship of CBAS priorities/domains to other quality activities
 - CMS (MLTSS regulations related to quality, Other?)
 - National Committee for Quality Assurance (NCQA),
 - National Quality Forum (NQF)
 - Agency for Healthcare Research and Quality (AHRQ)
 - National Adult Day Services Association (NADSA)
 - DHCS Quality Strategy
 - Managed Care Plan Quality Activities and Reporting Requirements (Health Risk Assessment)
 - California Association for Adult Day Services (CAADS) Quality Activities

III. New Goals, Objectives and Strategies for Assuring and Improving Quality

- Revision to IPC
- Standardize Forms, Processes/Reporting, Data Mining/Collection
- Oversight/Monitoring Activities
- Evidenced-Based Practice/Best Practice Promotion
- Training
- Transparency of Reporting
-

**CBAS Quality Workgroup
CBAS Quality Strategy Report Framework (Draft February 2016)**

IV. Activities/Milestones/Timelines

- 5-year plan
- Establish Quality Advisory Committee to review strategy semi-annually, chart progress, recommend revisions as new federal/state measures are developed, and assist with implementation.
