 - N/A
- If you had a time machine, would you rather travel forward in time or back in time?
 - Forward
 - Back
 - Both
 - Neither – the present is perfect!

San Francisco ADRC

Information Sharing and Warm Handoffs

Cindy Kauffman,
Deputy Director,
Community
Services

San Francisco
Department of
Disability and
Aging Services

The screenshot displays the website for the San Francisco Human Services Agency. At the top left is the agency logo and name. The top right contains navigation links for SERVICES, ABOUT, CONTACT, PARTNERS, and LANGUAGES. A search bar with the placeholder text "I am looking for..." and a "GO" button is positioned below the navigation. A breadcrumb trail reads "Home > About > Departments > Department of Disability and Aging Services (DAS)". The main content area features a header for "DAS Department of Disability and Aging Services" with a sub-header "DAS" in red. Below this is a descriptive paragraph: "DAS coordinates services for older adults, veterans, people with disabilities, and their families to maximize safety, health, and independence." A teal "GET SERVICES" button is located at the bottom left of the content area. On the right side, there is a photograph of an elderly woman with glasses smiling and talking to a young boy. A blue graphic of stylized human figures is overlaid on the bottom right of the photo.

Questions?

Alameda County Emerging ADRC

Service Tiers and Navigational Questions

Jennifer Stephens-Pierre

Director, Area Agency on
Aging (LPS and Veteran's
Services)

Alameda County Social
Services

Service Navigation:

Objective:

All Core and Extended Partners support a systematic process to provide information and referral assistance.

1. Develop and implement protocols among ADRC core and extended partners to promote consistency in the delivery of services so that consumers' experiences are consistent and predictable.
2. Establish warm transfers to support consumers' navigation through critical pathways for urgent situations and conduct staff training.
3. Develop and implement standardized protocols to follow-up with consumers to ensure service needs were met and to assess service outcomes.

Service Navigation:

Three Tier Service

1. Tier 1 (I&R) is considered a quick referral/ anonymous caller. This typically is a caller who wants contact information for a specific service and does not express an interest in other services.
2. Tier 2 consumers are asked five specific navigational questions (Name, DOB, Veteran Status, Disability, Location). Based on the information provided they will receive referrals or warm transfers to requested services. This tier may also receive options counseling and follow-up calls.
3. Tier 3 consumer are engaged the same as tier 2, however, they may receive an assessment for (assistive devices, protective services, capacity, mental health etc.) and Short-Term Service Coordination.

Navigational Questions:

1. **Name**
2. **Date of Birth/Age**
3. **Veteran Status**
4. **Location**
5. **Do you have a Disability**

Questions?

Talk, Learn, Connect

What is your process for developing protocols amongst partners?
What protocols have been most challenging for you?
How do you train your core and external partners on ADRC protocols?

Thank you!

- ***Save the date!***
 - Next ADRC Fridays Roundtable:
Friday, April 29, 12:00-1:00pm
- ***Consider submitting an ADRC Promising Practice***
- Questions or comments:
