

California's Department of Aging, in partnership with California's Area Agencies on Aging, are providing an iPad with internet service to you for your personal use.

With your new iPad, you will have access to unlimited apps including:

Social

Communicating has never been easier. Share stories and ideas with family, friends and the world.

Entertainment

Watch, Listen, Stream, Play. Have some fun and enjoy!

Health

Access to a wealth of reference, educational and personal health information.

Lifestyle

Create a personalized daily routine while staying connected.

Productivity

We all want to get more done each day. Organize, simplify and take your tasks on the go.

Please contact our dedicated customer service team at 855-563-0055 when you are ready to setup and begin using your iPad.

For additional information on using your new iPad including user tutorials, FAQs, security information, tips and tricks please go to:
