

Dear Californian,

Congratulations on your new Google Home Smart Speaker!

This Smart Speaker has been made available to you via a generous donation from Google. We sincerely hope that you find this device helpful in connecting you to family, friends, community, and other valuable resources.

To learn more about this device, including instructions on how to set it up and ideas for how to use it, please visit

<https://support.google.com/googlenest/answer/10347482>

<https://www.youtube.com/watch?v=itKisGHUP4g>

<https://www.youtube.com/watch?v=VFKWyMSwoCs>

To learn more about services for older adults or to share your suggestions and feedback, please use any of the following state and local resources:

- Visit the California Department of Aging online at https://www.aging.ca.gov/covid19/Digital_Divide/
- Email the California Department of Aging at CHAT@aging.ca.gov

Personal message from AAA/MSSP with contact information

California is home to many of the world's most innovative people and companies. Particularly during the COVID-19 pandemic, our State has been working hard to strengthen public-private partnerships and help all Californians gain access to technologies that can help them stay safe at home. We at the California Department of Aging (CDA) in collaboration with the California Department of Technology (CDT) are pleased to send you this high-technology device.

With Our Best Wishes,

State of California
Department of Aging
