

**California Department of Aging
Health Insurance Counseling and Advocacy
Program (HICAP) Fiscal Year 2024-25
Performance Measures Definitions and Tables**

April, 2024

This document displays the California Department of Aging (CDA) Health Insurance Counseling and Advocacy Program (HICAP) Performance Measures (PM) definitions and targets for HICAP Fiscal Year 2024-25. The assessment cycles for state and federal PMs are aligned to the 2024-25 HICAP Standard Agreement (HI-2425) budget year (April 1, 2024 through March 31, 2025).

HICAP Performance Measures Definitions outline the technical parameters for each state and federal performance measure. Federal performance measures are defined using Administration for Community Living (ACL) State Health Insurance Assistance Program (SHIP) Performance Measures, with descriptions using terminology from CDA's Statewide HICAP Automated Reporting Program (SHARP). Additional levels of detail can be accessed by AAAs from the HICAP Performance Measure Progress (PMP) reports in SHARP.

HICAP PM Planning and Service Area (PSA) Tables provide HICAP performance metrics to be used by Area Agencies on Aging (AAAs) to evaluate PSA and county-level program performance. Target Penetration Counts for federal performance measures are provided in a unit range. Minimum Target Penetration Counts (MIN-TPCs) are calculated from prior annual performance that demonstrate a similar percentage of the target population served in prior years. Improvement Target Penetration Counts (IMP-TPCs) represent units needed to demonstrate a categorical improvement in a performance measure. HICAP PM tables are provided for each PSA. For PSAs that serve multiple counties, their HICAP PM tables include Target Penetration Counts for each county and the PSA total.

HICAP Performance Measures (PM) Definitions

PM 1.1 Clients Counseled

Number of finalized Intakes for all clients / beneficiaries that received Counseling Services where status is "Final", and "Date of Review"ⁱ is within the assessment period. Calculated using aggregate data for total finalized intakes. Intakes must have at least one Medicare topic selected, and dates entered on form are limited to one calendar month through finalization and review.

PM 1.2 Public and Media Events (PAM)

Number of completed PAM forms for all events categorized as "Interactive" where the "Event Date"ⁱⁱ is within the date range reported. Calculated using aggregate data for total number of events with categories labeled as "Interactive Presentations" (including electronic/ digital and/or teleconferences, when attendance is monitored to justify true encounters), "Booths or Exhibits" at fairs or special events, "Mobile InfoVan" events, and dedicated "Enrollment Events." Excludes non-interactive events (Billboard, Email, Magazine, Newsletter, Newspaper, Radio, Social Media, Television, Websites, Other Electronic or Print Activities). PAM forms must have at least one Medicare topic selected for Primary Focus, Target Beneficiary Group, and Intended Audience.

PM 2.1 Client Contacts (Interaction)

Percentage of total client contacts per Medicare beneficiaries in the state. Counted using Counseling Services from finalized Intakes, regardless of mode (i.e., telephone, in person site, in person home, email, fax, other) where the "Date of Review" is within the assessment period. Calculated using aggregate data for numerators and Medicare population data for denominators. Intakes must have at least one Medicare topic selected. "General HICAP/SHIP" topic is not counted.

PM 2.2 Outreach (Interactive)

Percentage of persons reached through presentations, booths/exhibits, and enrollment events per Medicare beneficiaries in the State. Counted using estimated persons reached or received enrollment assistance at public events reported through completed PAM forms categorized as "Interactive" where the "Event Date" is within the assessment period and all the following conditions apply:

- i. Interactive Presentations to the public (including electronic/ digital and/or tele-conferences when attendance is monitored to justify true encounters).
- ii. Booths or Exhibits at Fairs or Special Events (including Mobile InfoVans) when attendance is logged to justify true encounters.
- iii. Dedicated Enrollment Events when attendance is either monitored or tracked per direct application assistance.
- iv. HICAP/SHIP and Medicare information was transferred to the public, with opportunity for participants to ask questions and receive answers.

Calculated using aggregate data for numerators and Medicare population data for denominators. Excludes non-interactive events (Billboard, Email, Magazine, Newsletter, Newspaper, Radio, Social Media, Television, Websites, Other Electronic or Print Activities). PAM forms must have at least one Medicare topic selected for Primary Focus, Target Beneficiary Group, and Intended Audience. "General HICAP/SHIP" topic is not counted.

PM 2.3 Medicare Beneficiaries Under 65

Percentage of contacts with Medicare beneficiaries under the age of 65 per Medicare beneficiaries under 65 in the State. Counted using Counseling Services from finalized Intakes, regardless of mode (i.e., telephone, in person site, in person home, email, fax, other) where the "Date of Review" is within the assessment period and both the following conditions apply:

- i. Client Profile / Basic Demographics – Date of Birth (DOB) indicates 64 or younger as of the date of the Counseling Service, and
- ii. Intake / Intake Details – "Receiving or applying for Social Security Disability or Medicare Disability" is selected

Calculated using aggregate data for numerators and Medicare population data for denominators.

PM 2.4 Hard to Reach (Total)

Percentage of low-income, rural, and non-native English contacts per total "hard-to-reach" Medicare beneficiaries in the State. Counted using Counseling Services from finalized Intakes, regardless of mode (i.e., telephone, in person site, in person home, email) where the "Date of Review" is within the assessment period, when Medicare beneficiaries are designated as "hard-to-reach" per the following subcategories:

- i. PM 2.4a (Low-income): Client Profile / Financial / Poverty Level – "Below 150% Federal Poverty Levels" is selected.

- ii. PM 2.4b (Rural): Client Profile / Basic Demographics – Zone Improvement Plan (ZIP) code of residence is in a county classified as a nonmetropolitan category according to the Centers for Disease Control, National Center for Health Statistics (NCHS), Urban-Rural Classification Scheme. Rural counties are considered those with the following CDC classifications:
 - a. Micropolitan (MIC): population 10,000 – 49,000.
 - b. Outside (OUT): noncore.
- iii. PM 2.4c (Non-native English): Client Profile / Social History – Primary Language is not English.

Calculated using the above field values as reported to the federal SHIP Tracking and Reporting System (STARS) per subcategories above. Clients may be counted for all sub-categories that apply. County and ZIP Code match required at both Client Profile and Counseling Services levels.

PM 2.5 Enrollment Contacts (Qualifying)

Percentage of unduplicated enrollment contacts discussed per Medicare beneficiaries in the State (i.e., contacts with one or more qualifying enrollment topics). Counted using Counseling Services (aka contacts) from Intakes, regardless of mode (i.e., telephone, in person site, in person home, email, fax, other) where the “Date of Review” is within the assessment period, and one or more of the following qualifying enrollment topics are discussed:

- i. Intake / Client Needs/Topics Discussed / Medicare Parts A/B (Original Medicare)
 - a. Enrollment/Eligibility/Screening
 - b. Enrollment/Disenrollment
- ii. Intake / Client Needs/Topics Discussed / Medigap/Supplement/SELECT
 - a. Enrollment/Eligibility/Screening
 - b. Plan Comparison
 - c. Disenrollment/Coverage Changes
 - d. Plan Non Renewal
- iii. Intake / Client Needs/Topics Discussed / Medicare Advantage (e.g., MSA, HMO, PPO, Specialty Plans)
 - a. Eligibility/Screening
 - b. Enrollment/Disenrollment Assistance
 - c. Plan Non Renewal
 - d. Plan Comparison
- iv. Intake / Client Needs/Topics Discussed / Medi-Cal

- a. MSP Eligibility/Screening (QMB,SLMB,Q1)
 - b. MSP Application Assistance
 - c. MSP Application Submission
 - d. MSP Recertification
 - e. Medi-Cal Screening (SSI, Nursing Home)
 - f. Medi-Cal Application Assistance
 - g. Medi-Cal Application Submission
 - h. Medi-Cal Application Recertification
- v. Intake / Prescription Drug Coverage / Part D – Medicare Prescription Drug Coverage
 - a. Eligibility/Screening
 - b. Plan Comparisons
 - c. Enrollment/Disenrollment Assistance
 - d. Coverage Changes
 - e. Re-enrollment
 - f. Disenrollment
- vi. Intake / Prescription Drug Coverage / Part D Low Income Subsidy
 - a. Eligibility/Screening
 - b. Application Assistance
 - c. Application Submission
- vii. Intake / Part D Plan Problems and Complaints / Part D Plan Problems (Non-Compliance/Services Unmet)
 - a. Eligibility
 - b. Multiple Enrollment
 - c. Plan Non Renewal

Calculated using aggregate data for enrollment topics as itemized above based on unduplicated contact count (i.e., Unduplicated indicates that if more than one or even all options are selected for the same client, that contact will only count once for this PM). Additional qualifying enrollment topics incorporated.

ⁱ “Date of Review” is a manual mechanism within the Statewide HICAP Automated Reporting Program (SHARP) for finalized Intakes where the Program Manager (or their designee) enters the review date and (as specified above) the report(s) capture data based on the input value.

ⁱⁱ “Event Date” is a manual mechanism within SHARP for completed PAMs where a user enters the date of the event and clicks “Save” and (as specified above) the report(s) captures data based on the input value.
